

Appliance Efficiency Campaign

Postcode Eligibility Guide

Quick Reference Table | Eligibility by State

Location	Network ownership	When is a postcode check required?
South Australia	AGN is the sole natural gas distributor	No check required. If the property is connected to natural gas it qualifies for this promotion (subject to T&C's).
Northern Territory	AGN is the sole natural gas distributor	No check required. Presently Alice Springs is the only town with natural gas in the Northern Territory (postcodes 0870 or 0871).
New South Wales	Multiple natural gas distributors	Yes - postcode check required (ref Table 1). Yes – postcode check required (ref Table 1). AGN operates gas networks in Southern NSW.
Queensland	Multiple natural gas distributors	Yes - postcode check required (Ref Table 2). Yes – postcode check required (Ref Tables 2 and 2a).
Victoria	Multiple natural gas distributors	Not eligible for this promotion. Natural gas incentives for new appliances are prohibited under government regulations.

Overview and postcode reference

Australian Gas Networks (AGN) promotions are available in all postcodes where AGN owns and operates the natural gas distribution network – **except in Victoria**, where incentives are prohibited by government regulation.

In **South Australia** and the **Northern Territory**, AGN is the sole network owner, so no postcode check is needed - if the property is connected to natural gas, it qualifies (subject to all terms and conditions being met).

In **New South Wales** and **Queensland**, postcode checks are required because multiple gas distributors operate in these areas. The postcode tables below can be used to confirm eligibility.
