Tariff Pricing Calculation Methodology

Tariffs reflect a negotiated outcome between retailers and AGN. The tariffs are supported by the AER's 5 year post tax revenue model. On 1 July 2021, tariffs were reset for the five years to 30 June 2026, with an average 8.38% reduction (after inflation) from the prior year. Tariffs for the following four years are forecast to change in line with December Quarter CPI. For further information, please contact Chris Hewson, Head of Customer Growth, on 08 8418 1132.
